Education

- **University of Cincinnati, BS; Construction Management**

Benjamin Nwankwo, husband, father and a minister of the gospel of Christ. Benjamin, along with his other siblings was born and raised in Nigeria – western part of Africa. Upon completion of high school, Benjamin migrated to the United States to continue his education. He was admitted at the University of Cincinnati, where he received a Bachelors of Science Degree in Construction Management. While in school, he performed several odd jobs to help supplement his school tuition and other expenses. Jobs like restaurant boss boy and dish washer, Landscaping, convenient stores clerk and cash register, construction Labor, and finally Internship in my field of study with Baker Concrete Construction in 1989.

Upon graduation from college, Benjamin joined Messer Construction Company, where he worked for 3 years, as one of the field Engineers on several projects. Some of the major projects completed while he was with Messer includes, The Museum Center at the Union Terminal, Cincinnati, The Christ Hospital Medical office Building 2 in Cincinnati and the Sinclair Community College in Dayton Ohio.

In 1995, Benjamin, joined Megen Construction after an enjoyable 3 years career with Messer Construction Co. Megen provided an opportunity for personal growth, career development, and job satisfaction. While with Megen Construction, I had the opportunity to be involved in a few community programs, like Boys Scout and Big brother Big sister program. I knew within myself that I could do more to give back than I was doing, but not quite sure what, what and when. In 2007, Evans Nwankwo, Founder and Board Chair of NuWay Foundation ask me to join the Foundation. When I examined the goals and mission of the Foundation, it was nothing, but a solemn appeal to the human conscience to rise up and make a difference in the lives of other human, who stands equal to me in the sight of God. It was an honor and privilege to be involved in such a worthy course.

Benjamin lives in Mason, Ohio with his wife, Perpetua and four children.

*We can make a difference, together.
One person, one family, one village, at a time.*
