Larry Plum is a Board member for the NuWay Foundation because NuWay directly impacts the people and village of Awa, Nigeria. The ability to establish relationships with the leaders and villagers of Awa is a big part of how we impact Awa because it facilitates a true partnership; we're not just a faceless organization. Assisting in economic development is something that greatly impacts the quality of life and moves people to freedom. This is the focus on NuWay's Board where Larry uses his experience and expertise to make a difference.

Larry and Patsy have a blended family of four grown children and five grandchildren. In addition to keeping up with his family, Larry enjoys touring on a motorcycle and ballroom dancing with Patsy.

*We can make a difference, together.
One person, one family, one village, at a time.*
