Edward is a Board member for the NuWay Foundation because he has always had a passion to assist people in actualizing their dreams. By volunteering with NuWay, Edward is able to see people's lives transformed around the world – babies are nourished, children are educated, parents are empowered and lives are forever changed. Edward has experienced that by doing good deeds and servicing the least fortunate in the world, the rewards he has received have enriched and blessed his life.

Edward makes no secret to the fact the he owns and runs a Christian-oriented consulting firm. It is his philosophy that by following the ethical and moral principles and teachings of the Bible that it has lead to his success in business. That success is then multiplied by the work he does with NuWay.

"I encourage anyone who wants to get involved with an organization that is impacting the lives of others to join with the NuWay Foundation. Not only will you serve and see the immediate impact of your work, but you will be internally transformed as you touch the lives of those you help and they touch your life in return."
